Name:

Form:

Please complete ALL sections of this form. Completed forms to be returned to Mrs Armitage via the box in reception by November 9th 2018.

Responsibility Respect Resilience

Dear Parents and Students

We are pleased that you are interested in joining our Sixth Form. The Priory School has a vibrant and welcoming Sixth Form. Our students often describe belonging to the school as belonging to an extended family. At The Priory School, we work closely with our students and parents to enable students to meet their academic potential. Whilst achievement in academic subjects is important, we believe that the development of student's personal skills is imperative. To support students outside their subjects we offer a wide range of enrichment opportunities such as supporting students in completing the Extended Project Qualification and Sports Leaders Courses to Post 18 information opportunities such as careers talks, Apprenticeship workshops, UCAS workshops and Oxbridge training. The Post 18 opportunities vary from year to year and are dependent on students' needs and opportunities that present themselves throughout the year. Some examples of Post 18 opportunities over the past few years are listed below:

- Running The Young Person of the Year Award
- Talks by academics on studying:
- Law
- Linguistics
- Studying at Cambridge and Oxford
- Accountancy
- Apprenticeship talks and access to our Apprenticeship Fair
- How to write a personal statement
- Gap Year presentations
- Students Finance Talk for Students and Parents

Increasingly, universities are looking beyond students grades and assessing where they have developed their knowledge and skills outside the classroom. To support our students we provided detailed careers guidance through our careers guidance service and strongly encourage students to undertake work experience related to their courses.

We also offer many extra-curricular opportunities in the form of trips, sporting competitions and musical productions. All students are expected to engage positively with students lower down the school through programmes such as paired reading, big brother and big sister mentoring and our Ambassador programme.

As part of our Ambassador programme all students are expected to volunteer 2 hours of their time per week. Through the programme students are able to work either in school within departments or within the local community on a voluntary basis. The programme has been running for a number of years and has benefited our students tremendously in developing their confidence and through being able to work in professional environments.

I look forward to reading your registration form. If you would like any additional information please contact the school either by email or by telephone.

Yours faithfully

Mrs Zoe Armitage

Assistant Headteacher - Head of Post 16 Education
