

November 2021

Dear Parent/Carer,

**IMPORTANT INFORMATION - COVID-19 VACCINATIONS
RETURN VISIT**

The COVID-19 vaccination will reduce the chance of suffering from COVID-19 disease. Like all medicines, no vaccine is completely effective, and it takes a few weeks for the body to build up protection from the vaccine. Some people may still get COVID-19 despite having a vaccination, but this should lessen the severity of any infection. The vaccine cannot give COVID-19 infection and will reduce the chance of becoming seriously ill. Like all medicines, vaccines can cause side effects. Most of these are mild and short-term, and not everyone gets them. The team will be administering Pfizer.

The School Aged Immunisation Service (SAIS) will be returning to your child's school to vaccinate those students who were not seen at the first visit.

YOU ONLY NEED TO COMPLETE THE FORM IF:

- **You did not complete a consent form for the first session and you now wish to give consent**
- **Your child has turned 12 since our first visit and you wish to consent**
