1. INTRODUCTION

Safeguarding is defined as: *protecting children from maltreatment, preventing impairment of children's health or development, ensuring that children are growing up in circumstances consistent with the provision of safe and effective care and taking action to enable all children to have the best outcomes.* (**Working Together to Safeguard Children**, (DfE, 2018), p6)

This Child Protection policy forms part of a suite of documents and policies which relate to the safeguarding responsibilities of the whole-school staff and volunteers. All TPS staff should be aware of systems within the school which support safeguarding, and these are explained to them as part of staff induction. This includes the:

- Child Protection policy, which should amongst other things also include the policy and procedures to deal with child-on-child abuse;
- Behaviour policy which should include measures to prevent bullying, including cyberbullying, prejudice-based bullying and discriminatory bullying;
- TPS staff Code of Conduct should amongst other things include low-level concerns, allegations against staff and whistleblowing as well as acceptable use of technologies, staff/pupil relationships and communications including the use of social media;
- safeguarding response to children who go missing from education; and also important that staff determine how best to build trusted relationships with children and young people which facilitates communication;
- role of the DSL including the identity of the DSL and any DDSLs;
- copy of Part One Keeping Children Safe in Education (2022) which should be signed to say it has been read and understood;
- Annex B Further Information;
- Annex A, condensed version of Part One of KCSiE (DfE 2022). It can be provided (instead of Part One) to those staff who do not directly work with children.

Purpose of a Child Protection Policy	To inform staff, parents, volunteers and governors about the school's responsibilities for safeguarding children. To enable everyone to have a clear understanding of how these responsibilities should be carried out.
Hertfordshire Safeguarding Children Partnership Procedures	The school follows the procedures established by the Hertfordshire Safeguarding Children Partnership (HSCP); a guide to procedures and practice for all agencies in Hertfordshire working with children and their families. https://hertsscb.proceduresonline.com/index.htm
School Staff & Volunteers and Contract Workers	All school staff, including supply staff, volunteers and contract workers have a responsibility to provide a safe environment in which children can learn. School staff and volunteers are particularly well placed to observe outward signs of abuse, changes in behaviour and

failure to develop because they have daily contact with children.

All school staff will receive appropriate safeguarding children training, including online safety (which is updated regularly – Hertfordshire Safeguarding Children Partnership advises every three years), so that they are knowledgeable and aware of their role in the early recognition of the indicators of abuse or neglect and of the appropriate procedures to follow. In addition, all staff members should receive safeguarding and child protection updates (for example, via email, e-bulletins and staff meetings), as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.

Supply staff, contractors and volunteers will be made aware of the safeguarding policies and procedures by the DSL, including the Child Protection policy and Staff Code of Conduct.

Mission Statement

Establish and maintain an ethos and culture where children feel secure, are encouraged to talk, and are listened and responded to when they have a worry or concern.

Establish and maintain an ethos and culture where school staff and volunteers feel safe, are encouraged to talk and are listened and responded to when they have concerns about the safety and wellbeing of a child.

Ensure children know that there are adults in the school whom they can approach if they are worried.

Ensure that children who have additional/unmet needs are supported appropriately. This could include referrals to Early Help Services or Child Protection contacts to specialist services if they are a child in need or have been / are at risk of being abused and neglected.

Consider how children may be taught about safeguarding, including online, through teaching and learning opportunities, as part of providing a broad and balanced curriculum. Refer to KCSiE(DfE 2022), pg. 33.

Staff members working with children are advised to maintain an attitude of ‘it could happen here’ and ‘it could be happening to this child’, where safeguarding is concerned. When concerned about the welfare of a child, staff members should always act in the best interests of the child.

Implementation, Monitoring and Review of the Child Protection Policy

The policy will be reviewed annually by the Governing Board. It will be implemented through the school’s induction and training programme, and as part of day-to-day practice.

Compliance with the policy will be monitored by the DSL and through staff performance measures.

- In addition we have an annual Health Check by a CPSLO
- The Headteacher quality assures CP paperwork
- The link governor for CP meets with the DSL termly to discuss practice
- HfL carries out an annual Safeguarding check

2. STATUTORY FRAMEWORK

In order to safeguard and promote the welfare of children, the school will act in accordance with the following legislation and guidance:

- The Children Act 1989
- The Children Act 2004
- Children and Social Work Act 2017
- Education Act 2002 (Section 175/157)

Outlines that Local Authorities and School Governing Bodies have a responsibility to “ensure that their functions relating to the conduct of school are exercised with a view to safeguarding and promoting the welfare of children who are its pupils”.

- Hertfordshire Safeguarding Children Partnership Procedures Manual (Electronic)
- Keeping Children Safe in Education (DfE, September 2022)
- Working Together to Safeguard Children (DfE 2018)
- The Education (Pupil Information) (England) Regulations 2005
- Sexual Offences Act (2003)
- Section 26, The Counter Terrorism and Security Act 2015 (PREVENT duty)
- Female Genital Mutilation Act 2003 (Section 74, Serious Crime Act 2015)
- Anti-social Behaviour, Crime and Policing Act 2014 (makes it a criminal offence to force someone to marry. Includes taking someone overseas to force them to marry (whether or not the forced marriage takes place).
- Serious Violence Strategy 2018
- Equality Act 2010 (including the Public Sector Equality Duty)
- The Human Rights Act 1998
- Apprenticeships, Skills, Children and Learning Act 2009
- Sexual violence and sexual harassment between children in schools and colleges (DfE 2021)

3. THE DESIGNATED SAFEGUARDING LEAD

The Governing Board should ensure an appropriate **senior member** of staff, from the school **leadership team**, is appointed to the role of Designated Safeguarding Lead (DSL).

During term time the DSL and or a Deputy will always be available (during school hours) for staff in the school to discuss any safeguarding concerns.

For out-of-hours/out-of-term activities the arrangements at The Priory School will be:

- A rota of DSL/DDSL will be on duty and can be contacted by using the Child Protection email address
- Record the incident in CPOMS which will be monitored by the DSL/DDSL duty person
- If there is an immediate concern about a child being at risk of significant harm the member of staff should contact social services directly on 0300 123 4043 but inform the CP team via email that they have done so and record the incident in CPOMS

The Designated Senior Lead for Child Protection in this school is:

Name: Faye Nearney

The Deputy Designated Senior Leads for Child Protection in this school are:

Name: Sam Brazier, Lawrence Foster, Julie Laycock, Rob Freeland, Safina Malik, Fiona Cochrane, Claudia Follano, Emma Shipp

The broad areas of responsibility for the DSL are:

- Managing Child Protection Contact Referrals and cases
- Contacting the Child Protection Consultation Hub when advice is needed regarding child protection concerns which possibly meet the threshold for statutory intervention
- Completing Child Protection Contact Referrals for all cases of suspected abuse or neglect where there is a risk of significant harm to the child/young person, to the Police where a crime may have been committed and to the Channel programme where there is a radicalisation concern
- Liaise with the Headteacher to inform him of issues, especially ongoing enquiries under Section 47 of the Children Act 1989 and police investigations
- Act as a source of support, advice and expertise to staff on matters of safety and safeguarding and when deciding whether to make a Child Protection Contact Referral by liaising with relevant agencies
- Support staff who make Child Protection Contact Referrals and other service referrals
- Share information with appropriate staff in relation to a child's looked-after (CLA) legal status (whether they are looked after under voluntary arrangements with consent of parents or on an Interim Care Order or Care Order) and contact arrangements with birth parents or those with parental responsibility.
- Ensure they have details of the CLA's social worker and the name of the virtual school Headteacher in the authority that looks after the child or those currently working with a social worker.
- Ensure Safeguarding documents are used or completed where appropriate for example a MARAC (multi-agency report), Safety Support Plans or the use of a RAMP (Risk Assessment Management Plan).

Training KCSiE (DfE, 2022)

The DSL should undergo formal training specific to their safeguarding role and duties at least every two years. They should also undertake Prevent Awareness training every three years and Home Office online training on an annual basis at a minimum. In addition to this, the DSL/DDSL also endeavours to attend Prevent in Education course organised by Hertfordshire County Council's Prevent programme manager and CPSLO service. At TPS we are a part of a pilot group looking at developing the Prevent programme for schools.

In-between formal training, a DSL/DDSL's knowledge and skills should be refreshed (for example via e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments). This training should provide the DSL with a good understanding of their own role, how to identify, understand and respond to specific needs that can increase vulnerability of children, as well as specific harms that can put children at risk, and the processes, procedures and responsibilities of other agencies, particularly local authority children's social care, so they:

- 1) understand the assessment process for providing early help and statutory intervention, including local criteria for action and local authority children's social care referral arrangements
- 2) have a working knowledge of how Hertfordshire conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so
- 3) understand the importance of the role the designated safeguarding lead has in providing information and support to children in social care in order to safeguard and promote the welfare of children
- 4) understand the lasting impact that adversity and trauma can have, including on children's behaviour, mental health and wellbeing, and what is needed in responding to this in promoting educational outcomes
- 5) are alert to the specific needs of children in need, those with special educational needs and disabilities (SEND), those with relevant health conditions and young carers
- 6) understand the importance of information sharing, both within the school and with the safeguarding partners, other agencies, organisations and practitioners
(Full details in Chapter One of *Working Together to Safeguard Children*)
- 7) understand and support the school with regards to the requirements of the Prevent duty and are able to provide advice and support to staff on protecting children from the risk of radicalisation
- 8) are able to understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up-to-date capability required to keep children safe whilst they are online at school
- 9) can recognise the additional risks that children with special educational needs and disabilities (SEND) face online, for example from online bullying, grooming and radicalisation, and are confident they have the capability to support children with SEND to stay safe online

10) obtain access to resources and attend any relevant or refresher training courses and encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the school may put in place to protect them.

Raising Awareness: The DSL (DDSL) should:

- ensure all staff including part-time staff, contractors, volunteers and supply staff have access to and understand the school's Child Protection policy and procedures, especially new and part-time staff
- work with the Governing Board to ensure that the school's Child Protection policy is reviewed annually, and the procedures and implementation are updated and reviewed regularly
- ensure the Safeguarding and Child Protection policy is available publicly and that parents know that referrals about suspected abuse or neglect may be made and the role of the school in this
- link with Hertfordshire Safeguarding Children's Partnership (HSCP) to make sure staff are aware of training opportunities and the latest local policies on safeguarding arrangements
- help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children who have or have had a social worker are experiencing with teachers and school leadership staff. The DSL/DDSL should have details of the child's social worker and the name of the virtual school's head in the authority that looks after the child
- ensure that when children leave the school they ensure the file for safeguarding and any child protection information is sent to any new school as soon as possible but transferred securely and separately from the main pupil file. The file should not be sent until the child is physically attending the new school.
- obtain proof that the new school/education setting has received the safeguarding file for any child transferring and then destroy any information held on the child unless the case is currently open and in line with data protection guidelines (see Record-keeping Guidance on Hertfordshire Grid for Learning for further information)
- consider if it would be appropriate to share any information with the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue supporting victims of abuse and have that support in place for when the child arrives.

4. THE MANAGEMENT OF SAFEGUARDING

The Governing Board must ensure that they comply with their duties under legislation. They must also have regard to KCSiE to ensure that the policies, procedures and training in their schools or colleges are always effective and comply with the law.

The Governing Board should have a senior board level (or equivalent) lead to take **leadership** responsibility for their school's safeguarding arrangements.

All governors and trustees should receive appropriate safeguarding and child protection (including online) training at induction. This training should equip them with the knowledge to provide strategic challenge to test and assure themselves that the safeguarding policies and procedures in place in schools and colleges are effective and support the delivery of a robust whole-school approach to safeguarding. Their training should be regularly updated.

The nominated governor for child protection is:

NAME: Mark Pike

- The Headteacher should ensure that the policies and procedures, adopted by their Governing Board (particularly those concerning referrals of cases of suspected abuse and neglect), are understood and followed by staff.
- The Governing Board should be aware of their obligations under the Human Rights Act 1998, the Equality Act 2010, (including the Public Sector Equality Duty), and their local multi-agency safeguarding arrangements.
- According to the Equality Act, schools **must** not unlawfully discriminate against pupils because of their sex, race, disability, religion or belief, gender reassignment, pregnancy and maternity, or sexual orientation (protected characteristics).
- Whilst all of the above protections are important, in the context of safeguarding, this guidance, and the legal duties placed on the school in relation to safeguarding and promoting the welfare of children, the Governing Board should carefully consider how they are supporting their pupils and students with regard to particular protected characteristics - including disability, sex, sexual orientation, gender reassignment and race.
- The Public Sector Equality Duty (PSED) is found in the Equality Act. Compliance with the PSED is a legal requirement for state-funded schools and colleges.
- The PSED places a general duty on schools and colleges to have, in the exercise of their functions, due regard to the need to eliminate unlawful discrimination, harassment and victimisation (and any other conduct prohibited under the Equality Act), to advance equality of opportunity and foster good relations between those who share a relevant protected characteristic and those who do not. The duty applies to all protected characteristics and means that whenever significant decisions are being made or policies developed, specific consideration must be given to the equality implications of these such as, for example, the need to eliminate unlawful behaviours that relate to them such as sexual violence and sexual harassment, misogyny/misandry and racism.

Whole-school and college approach to safeguarding

- The Governing Board should ensure they facilitate a whole-school approach to safeguarding. This means involving everyone in the school, and ensuring that

safeguarding and child protection are at the forefront and underpin all relevant aspects of process and policy development. Ultimately, all systems, processes and policies should operate with the **best interests** of the child at their heart.

- Where there is a safeguarding concern, the Governing Board and school leaders should ensure the child's wishes and feelings are taken into account when determining what action to take and what services to provide.
- The school's safeguarding policies and procedures (some of which are listed below) should be transparent, clear, and easy to understand for staff, pupils, students, parents, and carers. Systems should be in place, and they should be well promoted, easily understood and easily accessible for children to confidently report any form of abuse or neglect, knowing their concerns will be treated seriously, and knowing they can safely express their views and give feedback.

Safeguarding policies and procedures

At The Priory School these policies and procedures include:

- **Child Protection policy**
- **Behaviour for Learning policy**
- **Anti-bullying policy** (including cyberbullying, prejudice-based bullying and discriminatory bullying)
- **Staff Code of Conduct policy** which amongst other things includes low-level concerns, allegations against staff and whistleblowing, plus acceptable use of technologies (including the use of mobile devices), staff/pupil relationships and communications including the use of social media
- **appropriate safeguarding arrangements** in place to respond to children who go missing from education, particularly on repeat occasions
- appropriate risk-assessment documents available for use where there are serious concerns or allegations concerning individual students, required to ensure that all members of the school community remain safe; for instance RAMPs
- The Governing Board should take a proportionate risk-based approach to the level of information that is provided to temporary staff, volunteers and contractors.

In addition, the Governing Board should ensure:

- **child protection files** are maintained as set out in Annex C of KCSiE
- **appropriate safer recruitment policies** in accordance with Part Three of KCSiE are in place, embedded and effective and,
- where reasonably possible, schools and colleges hold **more than one emergency contact number** for each pupil or student. This goes beyond the legal minimum. It is good practice to give the school or college additional options to make contact with a responsible adult when a child missing education is also identified as a welfare and/or safeguarding concern
- an appropriate **senior member** of staff, from the school **leadership team**, is appointed to the role of DSL.
- the DSL should take **lead responsibility** for safeguarding and child protection (including online safety). This should be explicit in the role holder's job description.

The Governing Board should ensure the DSL has the appropriate status and authority within the school or college to carry out the duties of the post. The role carries a significant level of

responsibility and the postholder should be given the additional time, funding, training, resources, and support needed to carry out the role effectively.

At The Priory School we have eight DDSLs. DDSLs should be trained to the same standard as the DSL.

Multi-agency working

The Governing Board should ensure that the school contributes to multi-agency working in line with statutory guidance Working Together to Safeguard Children.

Safeguarding partners - the Hertfordshire Safeguarding Children Partnership (HSCP) are the three organisations responsible for the partnership arrangements for keeping children safe (Hertfordshire County Council, Hertfordshire Constabulary and The Hertfordshire and West Essex Integrated Board) - will make arrangements to work together with appropriate relevant agencies, of which Schools are, to safeguard and promote the welfare of local children, including identifying and responding to their needs.

HSCP create a procedures manual which sets out how they will work together and with any relevant agencies.

Working Together to Safeguard Children is very clear that all schools (including those in multi-academy trusts) and colleges in the local area should be fully engaged, involved, and included in safeguarding arrangements. It is expected that, locally, the safeguarding partners (HSCP) will name schools as relevant agencies. Safeguarding partners (HSCP) will set out in their published arrangements which organisations and agencies they will be working with, and the expectations placed on any agencies and organisations by the arrangements. Once named as a relevant agency, schools, in the same way as other relevant agencies, are under a statutory duty to co-operate with the published arrangements. They must act in accordance with the safeguarding arrangements.

It is especially important that schools understand their role within the local safeguarding arrangements. The Governing Board and their senior leadership teams, especially their DSLs, should make themselves aware of and follow their local arrangements

The Governing Board should understand the local criteria for action and the local protocol for assessment and ensure they are reflected in their own policies and procedures. They should also be prepared to supply information as requested by the safeguarding partners.

The School will work with local authority children's social care, the police, health services and other services to promote the welfare of children and protect them from harm. This includes providing a coordinated offer of early help when additional needs of children are identified and contributing to inter-agency plans to provide additional support to children subject to child protection plans.

The school will allow access for local authority children's social care from the host local authority and, where appropriate, from a placing local authority, for that authority to conduct, or to consider whether to conduct, a section 17 or a section 47 assessment.

Information sharing

As part of meeting a child's needs, it is important for the Governing Board to recognise the importance of information sharing between practitioners and local agencies. This should include ensuring arrangements are in place that set out clearly the processes and principles for sharing information within the school or college and with local authority children's social care, the safeguarding partners and other organisations, agencies, and practitioners as required.

School staff will be proactive in sharing information as early as possible to help identify, assess and respond to risks or concerns about the safety and welfare of children, whether this is when problems are first emerging, or where a child is already known to the local authority children's social care.

It is important that the Governing Board is aware that among other obligations, the Data Protection Act 2018, and the UK General Data Protection Regulation (UK GDPR) place duties on organisations and individuals to process personal information fairly and lawfully and to keep the information they hold safe and secure.

The Governing Board should ensure relevant staff have due regard to the relevant data protection principles, which allow them to share (and withhold) personal information, as provided for in the Data Protection Act 2018 and the UK GDPR.

This includes:

- being confident of the processing conditions which allow them to store and share information for safeguarding purposes, including information, which is sensitive and personal, and should be treated as 'special category personal data'
- understanding that 'safeguarding of children and individuals at risk' is a processing condition that allows practitioners to share special category personal data. This includes allowing practitioners to share information without consent where there is good reason to do so, and that the sharing of information will enhance the safeguarding of a child in a timely manner. It would be legitimate to share information without consent where: it is not possible to gain consent; it cannot be reasonably expected that a practitioner gains consent; and, if to gain consent would place a child at risk, and
- for schools, not providing pupils' personal data where the serious harm test under the legislation is met. For example, in a situation where a child is in a refuge or another form of emergency accommodation, and the serious harm test is met, they must withhold providing the data in compliance with schools' obligations under the Data Protection Act 2018 and the UK GDPR. Where in doubt schools should seek independent legal advice. The Data Protection Act 2018 and UK GDPR do not prevent the sharing of information for the purposes of keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to safeguard and promote the welfare and protect the safety of children.

Where children leave the school, the designated safeguarding lead should ensure their child protection file is transferred to the new school or college as soon as possible, and within 5 days for an in-year transfer or within the first 5 days of the start of a new term to allow the new school or college to have support in place for when the child arrives. The designated safeguarding lead should ensure secure transit, and confirmation of receipt should be obtained. For schools, this should be transferred separately from the main pupil file. Receiving schools and colleges should ensure key staff such as designated safeguarding leads

and special educational needs co-ordinators (SENCO's) or the named persons with oversight for special educational needs and disability (SEND) in a college, are aware as required.

In addition to the child protection file, the designated safeguarding lead should also consider if it would be appropriate to share any information with the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue supporting children who have had a social worker and been victims of abuse, or those who are currently receiving support through the 'Channel' programme and can have that support in place for when the child arrives.

Staff training

The Governing Board will ensure that **all** staff undergo safeguarding and child protection training, including online safety, at induction. The training should be regularly updated. Induction and training should be in line with any advice from the safeguarding partners (HSCP).

All staff will receive regular safeguarding and child protection updates throughout the year (for example, via email, e-bulletins, staff meetings).

The Governing Board will recognise the expertise staff build by undertaking safeguarding training and from managing safeguarding concerns on a daily basis. Opportunity should therefore be provided for staff to contribute to, and shape, safeguarding arrangements and the Child Protection policy.

Opportunities to teach safeguarding

The Governing Board will ensure that children are taught about how to keep themselves and others safe, including online. It should be recognised that effective education will be tailored to the specific needs and vulnerabilities of individual children, including children who are victims of abuse, and children with special educational needs or disabilities.

At The Priory School, relevant topics will be included within Relationships Education (for all primary pupils), and Relationships and Sex Education (for all secondary pupils) and Health Education (for all primary and secondary pupils). In teaching these subjects The Priory School must have regard to the statutory guidance [Relationships and sex education \(RSE\) and health education - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/publications/relationships-and-sex-education-rse-and-health-education)

Safeguarding concerns or allegations made about another staff member

The Governing Board will ensure there are procedures in place to manage **any** safeguarding concerns (no matter how small) or allegations that **do not** meet the harm threshold about staff members, including supply staff, volunteers, and contractors. This includes those that are considered to be 'Low-Level' concerns.

The Governing Board will ensure there are procedures in place for staff to report concerns or allegations that **may** meet the harm threshold about staff members (including supply staff, volunteers, and contractors).

There **must** be procedures in place to make a referral to the Disclosure and Barring Service (DBS) and Teaching Regulation Agency if a person in regulated activity has been dismissed or removed due to safeguarding concerns or would have been had they not resigned.

This is a legal duty and failure to refer when the criteria are met is a criminal offence.

Child-on-child abuse

At The Priory School all staff should recognise that children are capable of abusing other children (including online). All staff should be clear about their school's or college's policy and procedures with regard to child-on-child abuse.

5. WHEN TO BE CONCERNED

At The Priory School all staff will be aware of indicators of abuse and neglect (see below), understanding that children can be at risk of harm inside and outside of the school/college, inside and outside of home and online. Exercising professional curiosity and knowing what to look for is vital for the early identification of abuse and neglect so that staff are able to identify cases of children who may be in need of help or protection.

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children.

Physical abuse	
Indicators in a child/ young person	
Bruises – shape, grouping, site, repeat or multiple	Withdrawal from physical contact
Bite-marks – site and size	Aggression towards others, emotional and behaviour problems
Burns and Scalds – shape, definition, size, depth, scars	
Improbable, conflicting explanations for injuries or unexplained injuries	Frequently absent from school
Untreated injuries	Admission of punishment which appears excessive
Injuries on parts of body where accidental injury is unlikely	Fractures
Repeated or multiple injuries	Fabricated or induced illness

Emotional abuse

The persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying) causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Indicators in a child/ young person

Self-harm	Over-reaction to mistakes / Inappropriate emotional responses
Chronic running away	Abnormal or indiscriminate attachment
Drug/solvent abuse	Low self-esteem
Compulsive stealing	Extremes of passivity or aggression
Makes a disclosure	Social isolation – withdrawn, a 'loner', frozen watchfulness particularly pre school
Developmental delay	Depression
Neurotic behaviour (e.g. rocking, hair twisting, thumb sucking)	Desperate attention-seeking behaviour

Neglect

The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Indicators in a child/ young person

Failure to thrive - underweight, small stature	Low self-esteem
Dirty and unkempt condition	Inadequate social skills and poor socialisation
Inadequately clothed	Frequent lateness or non-attendance at school
Dry sparse hair	Abnormal voracious appetite at school or nursery
Untreated medical problems	Self-harming behaviour

Red/purple mottled skin, particularly on the hands and feet, seen in the winter due to cold	Constant tiredness
Swollen limbs with sores that are slow to heal, usually associated with cold injury	Disturbed peer relationships

Sexual abuse	
Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing, and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue (also known as peer on peer abuse) in education and all staff should be aware of it and of their school or colleges policy and procedures for dealing with it.	
Indicators in a child/ young person	
Self-harm - eating disorders, self-mutilation and suicide attempts	Poor self-image, self-harm, self-hatred
Running away from home	Inappropriate sexualised conduct
Reluctant to undress for PE	Withdrawal, isolation or excessive worrying
Pregnancy	Sexual knowledge or behaviour inappropriate to age/stage of development, or that is unusually explicit
Inexplicable changes in behaviour, such as becoming aggressive or withdrawn	Poor attention / concentration (world of their own)
Pain, bleeding, bruising or itching in genital and /or anal area	Sudden changes in schoolwork habits, become truant
Sexually exploited or indiscriminate choice of sexual partners	

If staff have any concerns about a child's welfare, they should act on them immediately. If staff have a concern, they should follow this policy and speak to the DSL/DDSL. The DSL/DDSL are most likely to have a complete safeguarding picture and be the most appropriate person to advise on the response to a safeguarding concern.

Any staff member at The Priory School should be able to make a Child Protection Contact Referral to Children's Services if necessary.

All staff should be aware of the process for making Child Protection Contact Referrals to Children's Services for statutory assessments under the Children Act 1989, especially section 17 (children in need) and section 47 (a child suffering, or likely to suffer, significant harm -

from abuse or neglect) that may follow a Contact Referral, along with the role they might be expected to play in such assessments.

Staff should not assume a colleague or another professional will take action and share information that might be critical in keeping children safe. They should be mindful that early information sharing is vital for effective identification, assessment and allocation of appropriate service provision.

Options will then include:

- Managing any support for the child internally via the school or college's own pastoral support processes.
- Completing a Families First Assessment or making a request for early help support.
- A Child Protection Contact Referral for statutory services, for example as the child might be in need of services, or suffering / likely to suffer significant harm from abuse or neglect.

Extra Familial Harm (formerly contextual Safeguarding)

Safeguarding incidents and/or behaviours can be associated with factors outside the school or college and/or can occur between children outside the school or college. All staff, but especially the DSLs and their Deputies, should be considering the context within which such incidents and/or behaviours occur. This is known as contextual safeguarding, which simply means assessments of children should consider whether wider environmental factors are present in a child's life that are a threat to their safety and/or welfare.

A child-centred and coordinated approach to safeguarding

Safeguarding and promoting the welfare of children is **everyone's responsibility**. In order to fulfil this responsibility effectively, each professional should make sure their approach is **child centred**. This means that they should consider, at all times, what is in the best interests of the child.

Schools staff form part of the wider safeguarding system for children. This system is based on the principle of providing help for families to stay together where it is safe for the children to do so, and looking at alternatives where it is not, whilst acting in the **best interests** of the child at all times.

Children who may require early help (known as Families First in Hertfordshire)

Families First is Hertfordshire's strategy for early help for families. A directory of early help services is available at www.hertfordshire.gov.uk/familiesfirst which will help practitioners and families find information and support to prevent escalation of needs and crisis.

All staff should be aware of the **early help process**, and understand their role in identifying emerging problems, sharing information with other professionals to support early identification and assessment of a child's needs. It is important for children to receive the right help at the right time to address risks and prevent issues escalating. This also includes staff monitoring the situation and feeding back to the DSL any ongoing/escalation of concerns so that consideration can be given to a Child Protection Contact Referral to Children's Services if the child's situation doesn't appear to be improving.

If early help is appropriate, the DSL or a Deputy will generally lead on liaising with other agencies and setting up a Families First Assessment as appropriate.

Any child may benefit from early help, but all school and college staff should be particularly alert to the potential need for early help for a child who:

- has special educational needs (whether or not they have a statutory Education, Health and Care Plan);
- has a mental health need;
- is a young carer;
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines;
- is frequently missing/goes missing from care or from home;
- is at risk of modern slavery, trafficking, sexual or criminal exploitation;
- is at risk of being radicalised or exploited;
- is misusing alcohol and other drugs themselves;
- has a family member in prison, or is affected by parental offending;
- is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse;
- is misusing drugs or alcohol themselves;
- has returned home to their family from care;
- is at risk of 'honour'-based abuse such as Female Genital Mutilation or Forced Marriage;
- is a privately fostered child; and
- is persistently absent from education, including persistent absences for part of the school day.

The Priory School staff will be aware of the main categories of maltreatment: **physical abuse, emotional abuse, sexual abuse and neglect** as well as being aware of the indicators of maltreatment and **specific safeguarding issues** so that they are able to identify cases of children who may be in need of help or protection.

Children with special educational needs and disabilities:

Additional barriers can exist when recognising abuse and neglect in this group of children. This can include:

- ❖ Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's impairment without further exploration.
- ❖ Assumptions that children with SEN and disabilities can be disproportionately impacted by things like bullying - without outwardly showing any signs.
- ❖ Communication barriers and difficulties.
- ❖ Reluctance to challenge carers (professionals may over empathise with carers because of the perceived stress of caring for a disabled child).

- ❖ Disabled children often rely on a wide network of carers to meet their basic needs and therefore the potential risk of exposure to abusive behaviour can be increased.
- ❖ A disabled child's understanding of abuse.
- ❖ Lack of choice/ participation.
- ❖ Isolation.

Child-on-child abuse

All staff will be aware that children can abuse other children and that it can happen both inside and outside of school or college and online. **All** staff should be clear as to the school's policy and procedures with regard to child-on-child abuse and the important role they have to play in preventing it and responding where they believe a child may be at risk from it.

All staff will understand that even if there are no reports in their schools or colleges it does not mean it is not happening. It may be the case that it is just not being reported. As such it is important if staff have **any** concerns regarding child-on-child abuse they should speak to their DSL (or DDSL).

It is essential that **all** staff understand the importance of challenging inappropriate behaviours between children, many of which are listed below, that are abusive in nature. Downplaying certain behaviours, for example dismissing sexual harassment as "just banter", "just having a laugh", "part of growing up" or "boys being boys" can lead to a culture of unacceptable behaviours, an unsafe environment for children and in worst-case scenarios a culture that normalises abuse leading to children accepting it as normal and not coming forward to report it.

Child-on-child abuse is most likely to include, but may not be limited to:

- Bullying (including cyberbullying, prejudice-based bullying and discriminatory bullying).
- Abuse in intimate personal relationships between children (sometimes known as 'teenage relationship abuse')
- Physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm. (This may include an online element which facilitates, threatens and/or encourages physical abuse.)
- Sexual violence, such as rape, assault by penetration and sexual assault. (This may include an online element which facilitates, threatens and/or encourages sexual violence.)
- Sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be stand-alone or part of a broader pattern of abuse.
- Causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party.
- Consensual and non-consensual sharing of nude and semi-nude images and/or video(also known as sexting or youth produced sexual imagery).
- Upskirting, which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress, or alarm, and
- Onitiation/hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group and

may also include an online element).

In order to minimise the risk of child-on-child abuse at The Priory School we:

- Provide a developmentally appropriate RSHE curriculum which develops students' understanding of acceptable behaviour and keeping themselves safe. (Topics including bullying, staying safe online, sexting.)
- Have systems in place for any student to raise concerns with staff, knowing that they will be listened to, believed and valued. Assemblies are given to all students to ensure they know who they can speak to if they have a concern. Posters are displayed around school about who students can talk to, including contact details for Childline and the NSPCC
- Ensure victims, perpetrators and any other child affected by peer-on-peer abuse will be supported. Members of the pastoral team ensure that any incidents are dealt with immediately.
- Develop robust risk assessments where appropriate (e.g. using the Risk Assessment Management Plan and Safety and Support Plan tools).
- Have relevant policies in place (e.g. behaviour policy).

Where there is an allegation or concern that a child has abused others, Section 5.1.7 of the Hertfordshire Safeguarding Children Partnership Procedures Manual, 'Children Who Abuse Others' will be used.

http://hertsscb.proceduresonline.com/chapters/p_chil_abuse.html

Child-on-child sexual violence and sexual harassment

- When responding to concerns relating to child-on-child sexual violence or harassment, the school will follow the guidance outlined in Part Five of KCSIE 2022.
- School recognises that sexual violence and sexual abuse can happen anywhere, and all staff will maintain an attitude of 'it could happen here.' We recognise sexual violence and sexual harassment can occur between two children of any age and sex. It can occur through a group of children sexually assaulting or sexually harassing a single child or group of children and can occur online and face to face (both physically and verbally). Sexual violence and sexual harassment is never acceptable.
- All victims of sexual violence or sexual harassment will be reassured that they are being taken seriously, regardless of how long it has taken them to come forward, and that they will be supported and kept safe. A victim will never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment, or ever be made to feel ashamed for making a report.
- Abuse that occurs online or outside of the school will not be dismissed or downplayed and will be treated equally seriously and in line with relevant policies/procedures.
- School recognises that the law is in place to protect children and young people rather than criminalise them, and this will be explained in such a way to pupils/students that avoids alarming or distressing them.
- School recognises that an initial disclosure to a trusted adult may only be the first incident reported, rather than representative of a singular incident and that trauma can impact memory, so children may not be able to recall all details or timeline of abuse. All staff will be aware certain children may face additional barriers to telling someone, for example because of their vulnerability, disability, sex, ethnicity, and/or sexual orientation
- The DSL (or DDSL) is likely to have a complete safeguarding picture and will be the

most appropriate person to advise on the initial response.

- The DSL will make an immediate risk and needs assessment which will be considered on a case-by-case basis which explores how best to support and protect the victim and the alleged perpetrator, and any other children involved/impacted, in line with part five of KCSIE 2022 and HSCP procedures.
- The risk and needs assessment will be recorded and kept under review and will consider the victim (especially their protection and support), the alleged perpetrator, and all other children, and staff and any actions that are required to protect them.
- Reports will initially be managed internally by the school/college and where necessary will be referred to Children's Services and/or the police.
- Where appropriate, the school may use a Risk Assessment Management Plan (RAMP) This will be implemented using the guidance contained within the document – See Appendix 10

Important considerations which may influence this decision include:

- the wishes of the victim in terms of how they want to proceed.
- the nature of the alleged incident(s), including whether a crime may have been committed and/or whether Harmful Sexual Behaviour has been displayed.
- the ages of the children involved.
- the developmental stages of the children involved.
- any power imbalance between the children.
- if the alleged incident is a one-off or a sustained pattern of abuse - sexual abuse can be accompanied by other forms of abuse and a sustained pattern may not just be of a sexual nature.
- that sexual violence and sexual harassment can take place within intimate personal relationships between children.
- understanding intra familial harms and any necessary support for siblings following incidents.
- whether there are any ongoing risks to the victim, other children, adult students, or school/college staff
- any other related issues and wider context, including any links to child sexual exploitation and child criminal exploitation.

The school will in most instances engage with both the victim's and alleged perpetrator's parents/carers when there has been a report of sexual violence; this might not be necessary or proportionate in the case of sexual harassment and will depend on a case-by-case basis. The exception to this is if there is a reason to believe informing a parent/carer will put a child at additional risk. Any information shared with parents/carers will be in line with information-sharing expectations, our confidentiality policy, and any data protection requirements, and where they are involved, will be subject to discussion with other agencies (for example Children's Services and/or the police) to ensure a consistent approach is taken.

Serious violence

All staff should be aware of indicators which may signal that children are at risk from, or are involved with serious violent crime.

- Increased absence from school
- Change in friendships or relationships with older individuals or groups
- Significant decline in performance
- Signs of self-harm or significant change in wellbeing
- Signs of assault or unexplained injuries

- Unexplained gifts/new possessions

Also refer to **Schools Toolkit** the characteristics of young peoples' vulnerability to CSE and CCE on the HGFL; <https://thegrid.org.uk/safeguarding-and-child-protection/child-protection/specific-safeguarding-issues/child-sexual-and-criminal-exploitation>

Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

Both CSE and CCE are forms of abuse that occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity, in exchange for something the victim needs or wants and/or for the financial advantage or increased status of the perpetrator or facilitator and/or through violence or the threat of violence. CSE and CCE can affect children both male and female and can include children who have been moved (commonly referred to as trafficking) for the purpose of exploitation.

Mental Health

All staff will be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. Education staff, however, are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.

If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken, following this policy, and speaking to the DSL or a DDSL.

Prevent: Safeguarding Children and Young People from Radicalisation

Children can be vulnerable to extreme ideologies and radicalisation. Similar to protecting children from other forms of harm and abuse, protecting children from radicalisation must be part of all school and college safeguarding approaches.

All schools and colleges are subject to the Prevent Duty under Section 26 of the Counter Terrorism and Security Act 2015 (the CTSA 2015) in the exercise of their functions to have “due regard to the need to prevent people from being drawn into terrorism.” Pg 133 KCSiE (DfE 2022).

There are signs and vulnerability factors that may indicate a child is susceptible to radicalisation or is in the process of being radicalised. It is possible to protect vulnerable people from extremist thinking and intervene to safeguard those at risk of radicalisation. Staff must be alert to changes in children’s behaviour, which could indicate that they may be in need of Prevent support. They must act proportionately to the concern using the Prevent ‘notice, check, share’ approach, which may lead to the DSL making a Prevent referral.

Local Hertfordshire County Council guidance on Prevent is featured at 5.3.9 of the Hertfordshire Safeguarding Children’s Partnership CP procedures https://hertsscb.proceduresonline.com/chapters/p_prevent_guide.html which outlines the specific duties in Hertfordshire. This guidance also features advice on making a Prevent referral. (Please note at the time of writing this policy 6.25 of the HSCP CP procedures is under review.)

Domestic Abuse

Domestic abuse can encompass a wide range of behaviours and may be a single incident or a pattern of incidents. Domestic abuse can be, but is not limited to, psychological, physical, sexual, financial or emotional. Children can be victims of domestic abuse. They may see, hear, or experience the effects of abuse at home and/or suffer domestic abuse in their own intimate relationships (teenage relationship abuse). All of which can have a detrimental and long-term impact on their health, wellbeing, development, and ability to learn.

All children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members. See Appendix 4 for information regarding Operation Encompass.

6. DEALING WITH A DISCLOSURE

If a child confides in a member of staff/volunteer and requests that the information is kept secret, it is important that the member of staff/volunteer tells the child in a manner appropriate to the child's age/stage of development that they cannot promise complete confidentiality – instead they must explain that they may need to pass information to other professionals to help keep the child or other children safe.

If a child discloses that he or she has been abused in some way, the member of staff/volunteer should:

- Listen to what is being said without displaying shock or disbelief
- Accept what is being said
- Allow the child to talk freely
- Reassure the child, but not make promises which might not be possible to keep
- Never promise a child that they will not tell anyone - as this may ultimately not be in the best interests of the child
- Reassure him or her that what has happened is not his or her fault
- Stress that it was the right thing to tell
- Listen, only asking questions when necessary to clarify what is being said
- Not criticise the alleged perpetrator
- Explain what has to be done next and who has to be told
- Make a written record (see Record Keeping)
- Pass the information to the DSL without delay (if a DSL or Deputy is not available, staff must inform a senior member of staff or complete a child protection contact referral if

this disclosure indicates that the child may be at risk of immediate harm and/or have suffered significant harm to ensure reporting to Police and/or Children's Services where necessary is not delayed)

Third Party Disclosures

It is everyone's responsibility to report concerns related to children and make referrals to Children's Services and the Police if suspected that a child has been abused or is at risk of abuse. Therefore, when safeguarding concerns are shared to the DSL in a school by a parent or member of the public, it is important to note that there is equal responsibility by the complainant to report the matter also directly rather than assume the responsibility is that of the school. If unsure of how to do this speak to the DSL / Headteacher and they will advise accordingly.

Support

Dealing with a disclosure from a child and safeguarding issues can be stressful. The member of staff/volunteer should, therefore, consider seeking support for him/herself and discuss this with the DSL.

If a Priory school staff member receives a disclosure about potential harm caused by another staff member, they should see section 11 of this policy – *Allegations involving school staff/volunteers*.

7. RECORD-KEEPING

All practitioners should be confident of the processing conditions under the Data Protection Act 2018 and the GDPR which allow them to store and share information for safeguarding purposes, including information which is sensitive and personal and should be treated as 'special category personal data'.

All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing. If in doubt about recording requirements staff should discuss with the DSL.

- Record as soon as possible after the conversation in CPOMS.
- Ensure the date, time, place is recorded, and any noticeable non-verbal behaviour and the **words used by the child**.
- Use the body map on CPOMS to indicate the position of any injuries and a clear description of the injury.
- Record statements and observations rather than interpretations or assumptions.
- Do not destroy the original records in case they are needed by a court.
- All records need to be given to the DSL promptly. No copies should be retained by the member of staff or volunteer.

The DSL will ensure that all safeguarding records are managed in accordance with the Education (Pupil Information) (England) Regulations 2005.

Safeguarding records, The Herts Grid

<https://thegrid.org.uk/safeguarding-and-child-protection/child-protection/safeguarding-records>

8. CONFIDENTIALITY

Safeguarding children raises issues of confidentiality that must be clearly understood by all staff/volunteers in schools.

- All staff at The Priory school, both teaching and non-teaching staff, have a responsibility to share relevant information about the protection of children with other professionals, particularly the investigative agencies.
- Staff/volunteers who receive information about children and their families in the course of their work should share that information only within appropriate professional contexts.

9. SCHOOL PROCEDURES

Please see Appendix 3: KCSiE (DfE 2022) pg.23

If any member of staff is concerned about a child, he or she must inform the DSL. The DSL will decide whether the concerns should be raised to Children's Services and if deemed to have met the threshold a Child Protection Contact Referral will be completed. If a Child Protection Contact Referral to Children's Services is made the DSL will discuss the referral with the parents, unless to do so would place the child at further risk of harm.

While it is the DSL's role to make Child Protection Contact Referrals, any staff member can make a Child Protection Contact Referral to Children's Services if a child is in immediate danger or is at risk of harm (e.g. concern that a family might have plans to carry out FGM, Forced Marriage etc). In these circumstances a Child Protection Contact Referral should be made to Children's Services and/or the Police immediately. Where Child Protection Contact Referrals are made by another member of staff, the DSL should be informed as soon as possible.

If a **teacher** (persons employed or engaged to carry out teaching work at schools and other institutions in England), in the course of their work in the profession, discovers that an act of Female Genital Mutilation (FGM) appears to have been carried out on a girl under the age of 18 the **teacher** must report this to the police via 101. **This is a mandatory reporting duty.** KCSiE (DfE 2022) pg. 152-153.

If the allegations raised are against other children, the school should follow section 5.1.17 of the Hertfordshire Safeguarding Children Partnership Procedures Manual – Children Who Abuse Others. Please see the school's Anti-Bullying policy for more details on procedures to minimise the risk of child-on-child abuse.

The member of staff must record information in CPOMS regarding the concerns **on the same day**. The recording must be a clear, precise and a factual account of any verbal disclosures and observations.

Particular attention should be paid to the attendance and development of any child about whom the school has concerns, or who has been identified as being the subject of a Child Protection Plan, and a written record will be kept.

If a pupil who is or has been the subject of a child protection plan changes school, the DSL will inform the social worker responsible for the case and transfer the appropriate records to the DSL at the receiving school, in a secure manner, and separate from the child's academic file.

The DSL is responsible for making the senior leadership team aware of trends in behaviour that may affect pupil welfare. If necessary, training will be arranged.

10. COMMUNICATION WITH PARENTS

The Child Protection policy is available publicly via the school website.

Parents should be informed prior to a Child Protection Contact Referral, unless it is considered to do so might place the child at increased risk of significant harm by:

- The behavioural response it prompts e.g. a child being subjected to abuse, maltreatment or threats / forced to remain silent if alleged abuser informed.
- Leading to an unreasonable delay.
- Leading to the risk of loss of evidential material.

(The school may also consider not informing parent(s) where this would place a member of staff at risk.)

The school will endeavour to ensure that parents understand the responsibilities placed on the school staff for safeguarding children.

Where reasonably possible schools and colleges should hold more than one emergency contact number for each pupil and student. KCSiE (DfE 2022) pg. 26.

Further guidance around information sharing can be located within **Information sharing Advice for practitioners providing safeguarding services to children, young people, parents and carers** (DfE, 2018);

<https://www.gov.uk/government/publications/safeguarding-practitioners-information-sharing-advice>

11. ALLEGATIONS OF ABUSE MADE AGAINST ADULTS WHO WORK WITH CHILDREN AND YOUNG PEOPLE

An allegation is any information which indicates that a member of staff/volunteer may have:

- Behaved in a way that has harmed a child or may have harmed a child.
- Possibly committed a criminal offence against or related to a child.
- Behaved towards a child or children in a way which indicates he or she would pose a risk of harm to children; or
- Behaved or may have behaved in a way that indicated they may not be suitable to work with children.

This relates to members of staff, supply staff, volunteers and contractors who are currently working in any school or college regardless of whether the school or college is where the alleged abuse took place. Allegations against a teacher who is no longer teaching should be referred to the police. Historical allegations of abuse should also be referred to the police.

If staff have safeguarding concerns, or an allegation is made about another member of staff (including supply staff, volunteers and contractors) posing a risk of harm to children, this is to be referred to the Headteacher. This includes allegations reported or made by a child, parent or member of the public.

Where the Headteacher is the subject of an allegation or safeguarding concerns, this to be referred to the Chair of Governors in line with the school Whistle Blowing policy.

Staff may consider discussing any concerns with the designated senior lead (DSL) for safeguarding and if appropriate make any referral via them.

The Chair of Governors in this school is:

NAME: CONTACT NUMBER:

David McIntosh 01462 622300

In the absence of the Chair of Governors, the Vice Chair should be contacted. The Vice Chair in this school is:

NAME: CONTACT NUMBER:

Rowena Crabtree 01462 622300

The person to whom an allegation is first reported should take the matter seriously and keep an open mind. They should not investigate or ask leading questions if seeking clarification; it is important not to make assumptions. Confidentiality should not be promised and the person should be advised that the concern will be shared on a 'need to know' basis only.

Actions to be taken include making an immediate written record of the allegation using the informant's words – including time, date and place where the alleged incident took place, brief details of what happened, what was said and who was present. This record should be signed, dated and immediately passed on to the Headteacher.

The recipient of an allegation must **not** unilaterally determine its validity, and failure to report it in accordance with procedures is a potential disciplinary matter.

The Headteacher/Chair of Governors will not investigate the allegation itself, or take written or detailed statements, but will assess whether it is necessary to refer the concern to the Local Authority Designated Officer - LADO Threshold Guidance may be used to inform this decision – found at

https://hertsscb.proceduresonline.com/chapters/p_manage_alleg.html

Children's Services – 0300 123 4043

SOOHS (Out of Hours Service-Children's Services) – 0300 123 4043

If the allegation meets any of the four criteria set out at the start of this section, contact should always be made with the Local Authority Designated Officer without delay.

If it is decided that the allegation requires a child protection strategy meeting or joint evaluation meeting, this will take place in accordance with section 4.1 of the Hertfordshire Safeguarding Children Partnership Procedures Manual.

If it is decided it does not require a child protection strategy meeting or joint evaluation meeting, the LADO will provide the employer with advice and support on how the allegations should be managed.

The Headteacher should, as soon as possible, **following briefing** from the Local Authority Designated Officer inform the subject of the allegation.

Concerns that do not meet the 'harm threshold'

School may also need to take action in response to 'low-level' concerns about staff. Additional information regarding low-level concerns is contained in The Priory School Code of Conduct - this includes what a low-level concern is, the importance of sharing them and the confidential procedure to follow when sharing them.

The Priory School has an open and transparent culture in which all concerns about all adults working in or on behalf of the school are dealt with promptly and appropriately; this enables us to identify inappropriate, problematic or concerning behaviour early, minimise the risk of abuse and ensure that adults working in or on behalf of the school/college are clear about and act within appropriate professional boundaries, and in accordance with our ethos and values.

A 'low-level' concern does not mean that it is insignificant; a low-level concern is any concern that an adult working in or on behalf of the school may have acted in a way that is inconsistent with our staff Behaviour policy/Code of Conduct, including inappropriate conduct outside of work and does not meet the 'harm threshold' or is otherwise not serious enough to consider a referral to the LADO.

Low-level concerns may arise in several ways and from a number of sources. For example, suspicion, complaints, or allegations made by a child, parent or other adult within or outside of the organisation, or as a result of vetting checks.

It is crucial that all low-level concerns are shared responsibly, recorded and dealt with appropriately to protect staff from becoming the subject of potential false low-level concerns or misunderstandings.

Low-level concerns should be shared confidentially in line with The Priory School Code of Conduct policy.

Where low-level concerns are reported, the Headteacher will be informed of all low-level concerns and is the ultimate decision maker in respect of the response to all low-level concerns.

Low-level concerns shared about supply staff and contractors will be shared with their employers so any potential patterns of inappropriate behaviour can be identified.

If the school is in any doubt as to whether the information which has been shared about a member of staff as a low-level concern in fact meets the harm threshold, we will consult with the LADO.

Low-level concerns will be recorded in writing and reviewed so potential patterns of concerning, problematic or inappropriate behaviour can be identified.

Records will be kept confidential and will be held securely and retained and in compliance with the Data Protection Act 2018 and the UK General Data Protection Regulation (UK GDPR) and other relevant policies and procedures (for example data retention policies).

Where a pattern is identified, the school will implement appropriate action, for example reviewing the LADO threshold and completing a referral if harm test met.

For further information see

Hertfordshire Safeguarding Children Partnership Procedures Manual Section 5.1.5 Managing Allegations Against Adults who work with Children and Young People

Where a staff member feels unable to raise an issue with their employer/through the whistleblowing procedure or feels that their genuine concerns are not being addressed, other whistleblowing channels may be open to them:

- Children's Services 0300 123 4043
- NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: help@nspcc.org.uk

What school staff should do if they have concerns about safeguarding practices within The Priory School?

- All staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the school or education setting's safeguarding

arrangements.

- Appropriate whistleblowing procedures, which are suitably reflected in staff training and staff behaviour policies, should be in place for such concerns to be raised with the school's senior leadership team.

Safer working practice

To reduce the risk of allegations, all staff should be aware of safer working practice and should be familiar with the guidance contained in the staff handbook/school Code of Conduct/staff Behaviour policy and Safer Recruitment Consortium document ***Guidance for safer working practice for those working with children and young people in education settings February 2022)***

<https://www.saferrecruitmentconsortium.org/>

The document seeks to ensure that the responsibilities of school leaders towards children and staff are discharged by raising awareness of illegal, unsafe, unprofessional and unwise behaviour. This includes guidelines for staff on positive behaviour management in line with the ban on corporal punishment (**School Standards and Framework Act 1998**). Please see the school's behaviour management policy for more information.

APPENDIX 1: KCSiE (DfE 2022)

Part One OR Annex A: Information for all school and college staff

Annex B: Further information

On publication of this Child Protection Policy, September 2022, the CPSLO Service has decided to provide the hyperlink only to KCSiE rather than the document in its entirety, due to the potential for updates to the content.

All staff that have direct working with children should have access and have read Part One and Annex B (which provides further information specific forms of abuse and safeguarding issues) of this statutory guidance. Those staff who do not work directly with children should read **either Part One or Annex A** (a condensed version of Part One) of this guidance. All staff should also have the opportunity to seek clarity from designated staff for any content.

This is to assist staff to understand their role and discharge their responsibilities as set out in this guidance.

All staff must sign to say they have read the Child Protection policy, Part 1 of KCSiE and Annex B.

Link to KCSiE (DfE, 2022):

APPENDIX 2:

DECLARATION FOR STAFF Child Protection Policy and KCSiE DfE 2022

School: The Priory School

Academic Year: 2022 - 2023

Please sign and return to.....Emma Sangster.....(DSL) by Friday 23rd September 2022

I, _____ have read and am familiar with the contents of the following documents and understand my role and responsibilities as set out in these document(s).:

- (1) The School Child Protection Policy
- (2) **Part One and Annex B of 'Keeping Children Safe in Education' DfE Guidance, 2022**
- (3) The Staff Code of Conduct
- (4) The Staff ICT Acceptable Use agreement
- (5) The Whistle blowing policy
- (6) Behaviour for Learning policy
- (7) Anti-Bullying policy

I am aware that the DSLs/DDSLs are:

➤ **Faye Nearney (DSL) / Sam Brazier/ Lawrence Foster / Julie Laycock / Rob Freeland /**
Safina Malik / Fiona Cochrane / Emma Shipp / Claudia Follano

and I am able to discuss any concerns that I may have with them.

If I feel unable to raise an issue with the school /through the whistleblowing procedure or feels that a genuine concerns has not been addressed, I am aware that other whistleblowing channels are available :

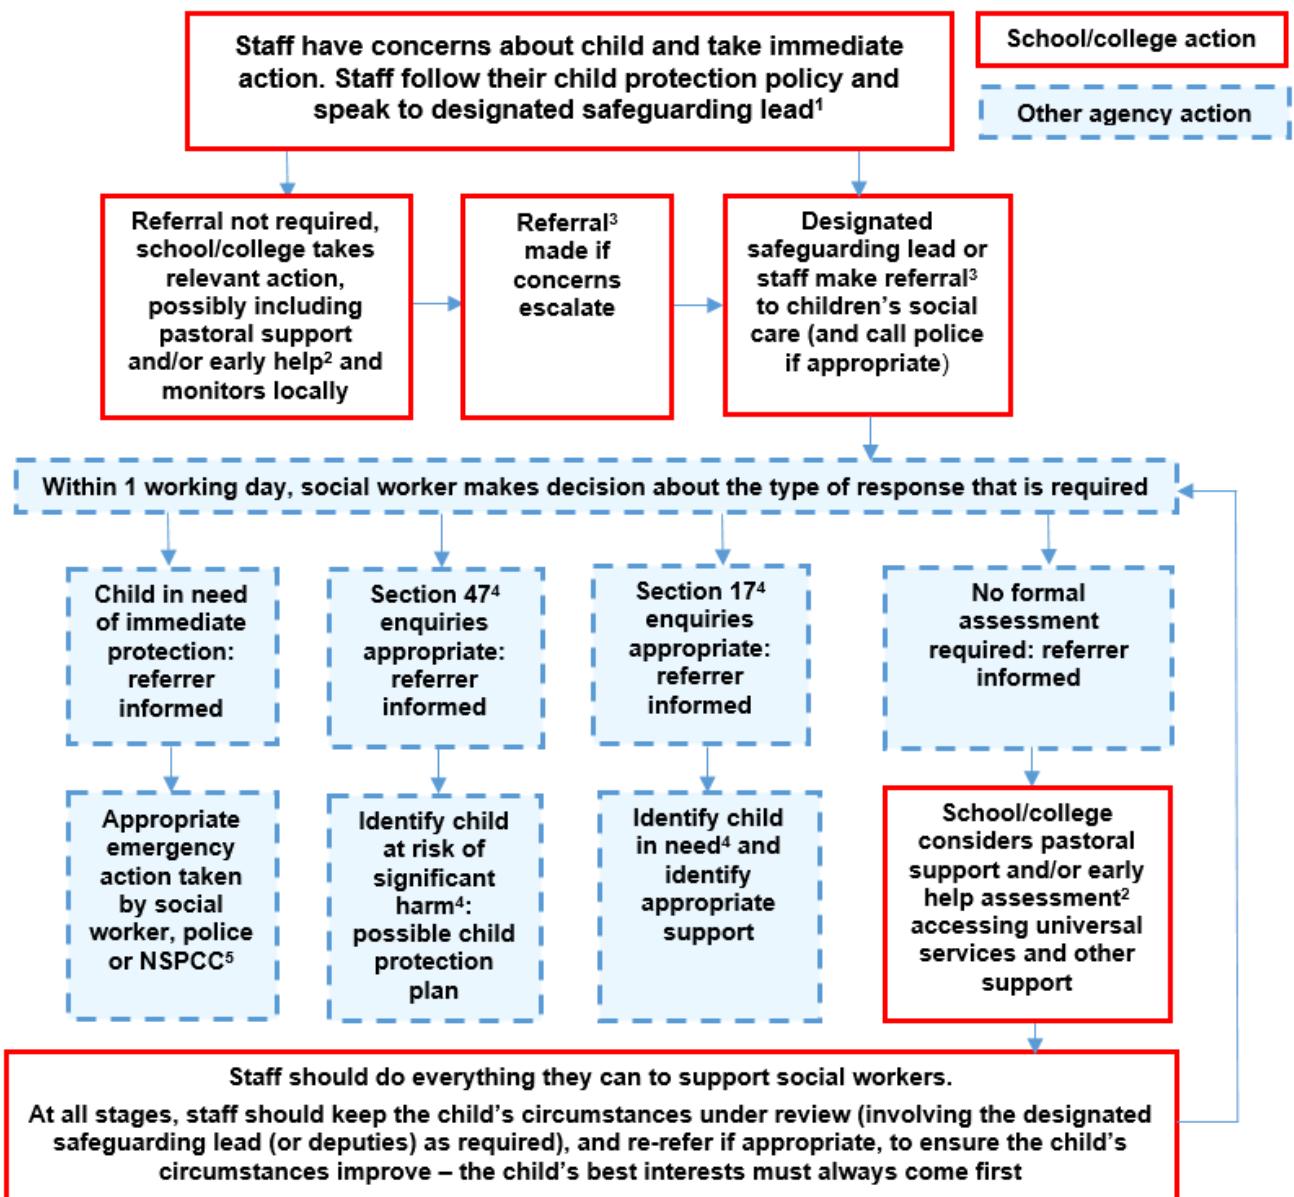

- Children's Services 0300 123 4043
- NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: help@nspcc.org.uk

I know that further guidance, together with copies of the policies mentioned above, are available in the Safeguarding file on the Google drive, on the P Drive, and on request from Emma Sangster.

Signed_____ Date_____

APPENDIX 3:

ACTIONS WHERE THERE ARE CONCERNS ABOUT A CHILD Flowchart

Page 22 of KCSIE 2022

The National Police Chiefs' Council- *When to call the police* guidance

This advice covers incidents on school premises where students have potentially committed a crime. It provides guidance on what schools and colleges should bear in mind when considering contacting the police. This advice covers the following situations:

- Assault
- Criminal damage
- Cyber crime
- Drugs
- Harassment

- Sexual offences
- Theft
- Weapons

This advice aims to support schools and college to make defensible decisions when considering whether to involve the police. Further guidance can be found at;

https://www_npcc.police.uk/documents/Children%20and%20Young%20people/When%20to%20call%20the%20police%20guidance%20for%20schools%20and%20colleges.pdf

APPENDIX 4:

OPERATION ENCOMPASS – Information sharing from Police regarding Domestic Abuse notifications (2nd December 2019)

Operation Encompass Safeguarding Statement:

- Our school is part of Operation Encompass. This is a police and education early intervention safeguarding partnership which supports children and young people who experience Domestic Abuse.
- Operation Encompass means that the police will share information about Domestic Abuse incidents with our school PRIOR to the start of the next school day when they have been called to a domestic incident.
- Our parents are fully aware that we are an Operation Encompass school.
- The Operation Encompass information is stored in line with all other confidential safeguarding and child protection information.
- The Key Adult has also led training for all school staff and Governors about Operation Encompass, the prevalence of Domestic Abuse and the impact of this abuse on children. We have also discussed how we can support our children following the Operation Encompass notification.
- We are aware that we must do nothing that puts the child/ren or the non-abusing adult at risk.
- The Safeguarding Governor will report on Operation Encompass in the termly report to Governors. All information is anonymised for these reports.
- The Key Adult has used the Operation Encompass Toolkit to ensure that all appropriate actions have been taken by the school.

OUR KEY ADULTS ARE: Faye Nearney, Geraint Edwards

Role	Name	Contact number	Email
Designated Safeguarding Lead	Faye Nearney	01462 622300	Fnearney@prioy.herts.sch.uk

Vice Chair of Governors	Rowena Crabtree	01462 622300	

Children missing from education in accordance with setting attendance policy

All children, regardless of their circumstances, are entitled to an efficient, full time education which is suitable to their age, ability, aptitude and any special educational needs they may have. Children missing education are children of compulsory school age who are not registered pupils at a school and are not receiving suitable education otherwise than at a school. Children missing education are at significant risk of underachieving, being victims of harm, child sexual exploitation or radicalisation, and becoming NEET (not in education, employment or training) later in life.

Department for Education guidance makes it clear that in carrying out this duty, local authorities must have in place arrangements for joint working and information sharing with other local authorities and partner agencies. It also states that all agencies which come into contact with children must cooperate with the local authority's arrangements for identifying children thought to be missing from education.

Separate guidance is available for schools on Herts Grid for Learning; about the legitimate removal of pupils from a school roll. A child legitimately removed from roll is not in most cases missing from education and all schools, including academies and independent schools are legally required to notify the local authority when they remove/plan to remove a child from their roll.

APPENDIX 5:

Ofsted school Inspection Handbook September 2022

This handbook is primarily a guide for inspectors on how to carry out school inspections. However, it is made available to schools and other organisations to ensure that they are informed about the processes and procedures of inspection. It seeks to balance the need for consistency in inspections with the flexibility required to respond to the individual circumstances of each school.

On publication of this Child Protection Policy, September 2021, the CPSLO Service has decided to provide the hyperlink only to the Ofsted School Inspection Handbook rather than the document in its entirety, due to the potential for updates to the content.

<https://www.gov.uk/government/publications/school-inspection-handbook-eif/schools-inspection-handbook-for-september-2021>

APPENDIX 6:

Sexual violence and sexual harassment between children in schools and colleges guidance (2021)

This is advice provided by the Department for Education (the department). Its focus is child on child sexual violence and sexual harassment at schools and colleges. The advice covers children of all ages, from primary through to secondary stage and into colleges and online. For the purposes of this advice, a child is anyone under the age of 18. Whilst the focus of the advice is on protecting and supporting children, schools and colleges should of course protect any adult students and engage with adult social care, support services and the police as required.

The advice sets out what sexual violence and sexual harassment is, how to minimise the risk of it occurring and what to do when it does occur or is alleged to have occurred.

The advice highlights best practice and cross-references other advice, statutory guidance and the legal framework.

It is for individual schools and colleges to develop their own policies and procedures. It is important that policies and procedures are developed in line with their legal obligations, including the Human Rights Act 1998 and the Equality Act 2010, especially the Public Sector Equality Duty, and their local multi-agency safeguarding arrangements. It is important that schools and colleges consider how to reflect sexual violence and sexual harassment in their whole school or college approach to safeguarding and in their child protection policy.

On publication of this Child Protection Policy, September 2022, the CPSLO Service has decided to provide the hyperlink to the document rather than the document in its entirety, due to the potential for updates to the content.

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/999239/SVSH_2021.pdf

APPENDIX 7:

Online Safety Guidance

On publication of this Child Protection Policy, September 2022, the CPSLO Service has decided to signpost to the document rather than provide the document in its entirety, due to the potential for updates to the content.

Annex D: KCSiE (DfE,2022) for national guidance

APPENDIX 9:**Table of substantiative changes from previous CP policy**

SECTION OF POLICY	CHANGES
Policy review	Adding of 'Academy' / 'principal' and 'board of trustee' to reflect settings that use these terms
1. Introduction	Mission Statement – highlighted in blue to ensure that this is personalised to your setting Language change from peer on peer to child-on-on child abuse Addition to staff behaviour policy to include low-level concerns, allegations against staff and whistleblowing safeguarding response to children who go missing from education; and also important that staff determine how best to build trusted relationships with children and young people which facilitates communication. Contract Workers added to the list of those that should follow the CP Policy Date change of KCSiE 2021 to KCSiE 2022 throughout
2. Statutory Framework	Update of 2022 edition of KCSiE referenced Addition of The Equality Act 2010 (Including Public Sector Equality Duty) and The Human Rights Act 1998
3. DSL/ DDSL	Updated section on recommended Training for DSL/ DDSL role as stated in KCSiE 2022 Addition of the link to Prevent in Education on the Hertfordshire Grid Addition under Raising Awareness section of especially new and part-time staff Addition of bullet point highlighting that CP Policy should be available publicly Addition of Risk Assessment statement
4. The management of safeguarding (Governing	Addition of new paragraphs providing more detail about the roles of Governing Body, proprietors and management

Body, proprietors and management committees)	<p>committees.</p> <p>Multi-agency working – Making it clear that the Safeguarding partners referred to within KCSiE in Hertfordshire is Hertfordshire Safeguarding Children Partnership (HSCP)</p> <p>Addition of link to Relationship and Sex education (RSE) and health education publication</p> <p>Addition of Risk Assessment statement</p>
5.When to be concerned	<p>Addition of: All staff should be aware of indicators of abuse and neglect (see below), understanding that children can be at risk of harm inside and outside of the school, inside and outside of home and online. Exercising professional curiosity and knowing what to look for is vital for the early identification of abuse and neglect so that staff are able to identify cases of children who may be in need of help or protection.</p> <p>Change in wording under list of reasons why a child may benefit from early help: is misusing alcohol and other drugs themselves</p> <p>Amendment to wording in SEND section</p> <p>Addition of whole section regarding child-on-child abuse</p> <p>Update to section of HSCP to refer to re “Children Who Abuse Others”</p> <p>Addition of section child-on-child sexual violence and sexual harassment</p> <p>Addition of paragraph re CSE and CCE</p> <p>Addition of information regarding Mental Health in children and that it can be an indicator child is suffering abuse, neglect or exploitation</p> <p>Information added to make it clear only trained health professionals should attempt to make a diagnosis of a mental health problem</p> <p>Updated link to HSCP added</p> <p>Section regarding Domestic Abuse added</p> <p>Addition of Risk Assessment statement</p>
6.Dealing with a Disclosure	No changes from CP policy 2021
7.Record Keeping	No changes from CP policy 2021
8.Confidentiality	No changes from CP policy 2021
9.School Procedures	KCSiE Pg 152 -153 regarding staff mandatory reporting duty

	<p>related to Female Genital Mutilation.</p> <p>HSCP section updated</p> <p>Language peer on peer updated to child-on-child</p>
10.Communication with parents	KCSiE 2022 and page number updated re schools holding more than one emergency contact number
11.Allegationsof abuse made against adults who work with children and young people.	<p>Section added with regards to Concerns that do not meet the “harm threshold” and ‘low level’ concerns</p> <p>Guidance for safer working practice guidance recent publication date of February 2022 added</p>
Annex 1. Link to KCSiE (DfE, 2021) Part One or Annex A: Information for all school and college staff Annex B: Further information Updates from KCSiE 2021	Link to KCSiE (DfE, 2022)
Annex 2. Declaration for staff: Child Protection Policy and (KCSiE) DfE 2021	Changes made aligned to KSCiE 2022
Annex 3. Actions where there are concerns about a child	Now appears on page 22 of KCSiE 2022
Annex 4. Operation Encompass – Information sharing from Police regarding Domestic Abuse notifications and Children Missing from Education (2nd December 2019)	No changes from CP policy 2021

Annex 5. Ofsted school Inspection Handbook (September 2021)	Date change with regards to CP Policy and update July 2022 to Ofsted School Inspection Handbook
Annex 6. Sexual violence and sexual harassment between children in schools and colleges guidance (2021)	Previously appendix 7
Annex 7. Online Safety guidance	New Appendix added 2021
Annex 8. Covid guidance into new academic year 2021-2022	Previously Appendix 9 Appendix 8 regarding covid removed
Annex 9. GDPR, data protection and Freedom of Information	New Appendix added 2021

APPENDIX 10:

RAMP Document

Risk Assessment Management Plan (RAMP)

for children / young people's problematic or harmful sexualised behaviour

*Supporting Education to Safeguard Children
and Promote their Welfare in Hertfordshire*

This guidance is produced by the Child Protection School Liaison team 2021

Introduction and guidance

This guidance has been produced to provide educational establishments (including Maintained Schools and Nursery Schools, Academies, Free Schools and Independent Schools, Sixth Form Colleges and Colleges of Further Education) with:

- ❖ an awareness of age-appropriate sexual behaviour
- ❖ guidance for evaluating inappropriate sexualised behaviour
- ❖ a framework for educational establishments to manage and review this behaviour

The Education Act 2002 outlines that Local Authorities and School Governing Bodies have a responsibility to “ensure that their functions relating to the conduct of school are exercised with a view to safeguarding and promoting the welfare of children who are its pupils”.

Education settings are an important part of the inter-agency framework not only in terms of evaluating and referring concerns to Children’s Services and the Police, but also in the **assessment** of risk that the child or young person may pose to themselves and others in the education setting. As part of the overall **management** of risk, schools must ensure that all the children and young people in their care are kept safe from harm (**Keeping Children Safe in Education 2021.**) Education staff have valuable information and skills which are useful to support the specific work that may be undertaken by other agencies and collaboratively

providing a consistent approach to the management of the child/young person's inappropriate sexualised behaviour.

This guidance aims to ensure that education staff have a common understanding of the issues and a consistent and common framework for assessing, reporting, and managing the risks that these children/young people may pose to themselves, peers and their communities.

When sexualised behaviour has been observed or, a child or parent has informed staff that such behaviour has taken place, then staff should inform the Designated Safeguarding Lead for who will clarify the exact behaviour which has taken place and make a considered assessment of its nature and decide appropriate next steps.

Your consideration should determine whether the incident/behaviour is:

- age-appropriate sexual exploration
- inappropriate sexual behaviour which is not considered to be problematic or harmful
- Problematic and or harmful sexual behaviour
- Serious Sexual Violence and Sexual Harassment (SVSH) and that may constitute a criminal offence.

Please refer to the DfE guidance; <https://www.gov.uk/government/publications/sexual-violence-and-sexual-harassment-between-children-in-schools-and-colleges>

Harmful sexual behaviour framework NSPCC and Professor Simon Hackett framework
<https://learning.nspcc.org.uk/research-resources/2019/harmful-sexual-behaviour-framework>

If in doubt about whether a safeguarding referral is necessary, please contact the consultation hub for advice on 01438 737511

Or

If you consider a child young person has suggested significant harm, make a referral to children services on 03001234043

Initial consideration of the concerning behaviour

Hackett (2010) has proposed a continuum model to demonstrate the range of sexual behaviours presented by children and young people, from those that are normal, to those that are highly deviant:

Normal	Inappropriate	Problematic	Abusive	Violent
<ul style="list-style-type: none">• Developmentally expected• Socially acceptable• Consensual, mutual, reciprocal• Shared decision making	<ul style="list-style-type: none">• Single instances of inappropriate sexual behaviour• Socially acceptable behaviour within peer group• Context for behaviour may be inappropriate• Generally consensual and reciprocal	<ul style="list-style-type: none">• Problematic and concerning behaviours• Developmentally unusual and socially unexpected• No overt elements of victimisation• Consent issues may be unclear• May lack reciprocity or equal power• May include levels of compulsion	<ul style="list-style-type: none">• Victimising intent or outcome• Includes misuse of power• Coercion and force to ensure victim compliance• Intrusive• Informed consent lacking, or not able to be freely given by victim• May include elements of expressive violence	<ul style="list-style-type: none">• Physically violent sexual abuse• Highly intrusive• Instrumental violence which is physiologically and/or sexually arousing to the perpetrator• Sadism

The Risk Assessment Management Plan (RAMP) is the school/college's process for identifying and managing risk arising **ONLY** from a child's or young person's problematic sexualised behaviour.

Once the need for a RAMP has been identified, the process should run as follows:

1. Speak to parents
2. Speak to child/young person/s (CYP)
3. Seek advice if necessary, from Children's Services or a CYP social worker, key worker or relevant other professional
4. If police involve seek guidance regarding their view of level of risk
5. Consider who needs to know? Ensuring at the same time confidentiality
6. Record keeping, this document should be kept in a secure place.
7. If you require support with your planning, contact your designated Child Protection School Liaison Officer
8. Complete the plan set out on page 5, engage the CYP and parent and carer if applicable

[Child protection schools liaison team handbook - Hertfordshire Grid for Learning \(thegrid.org.uk\)](http://www.thegrid.org.uk)

PARENTAL CONSENT

Whilst it is not necessary in certain circumstances (age of child or they may be out at further risk) to have parental permission to implement a RAMP it is preferable that you do. Parents and carers should be involved early on in the process to support their CYP.

Please note that there is an alternative version of the RAMP called a Safety and Support Plan, this is intended for lower-level concerns of all types of behaviours and also for victims of peer on peer abuse.

[Child protection: policies, procedures and forms - Hertfordshire Grid for Learning \(thegrid.org.uk\)](http://www.thegrid.org.uk)

THE RISK ASSESSMENT MANAGEMENT PLAN

Name of child/young person	
Date of birth	
School/college	
Class/form	
Date of RAMP	

RAMP agreed by:

Name	Role	Agency

N.B. Parents and the child/young person concerned should be part of the plan, along with key agencies/professionals

Information sharing:

In order to safeguard children, the contents of this RAMP may need to be shared with other professionals on a need to know basis. The parents/carers and child (if appropriate) will be informed of who the RAMP is being shared with and why.

Name	Role	Section of RAMP to be shared

Context of RAMP/overview of the concerns:

<p>Give an overview of the incident / reason you are undertaking this RAMP <i>Please refer to any existing safeguarding documentation which you may have on file</i></p>
--

Factors causing concern and evidence:

Please elaborate nature of harm in behaviour box as necessary, e.g. risk of reprisals

Behaviour	Nature of harm? (physical, sexual, emotional)	Fact or potential risk?	Deliberate/ Accidental/ Involuntary (if known)
	P/S/E	F/PR	D/A/I
Harm to Self			
Harm to Peers			
Harm to Staff			
Other Harm (please specify)			
Other Harm (please specify)			

Other agencies views of concern/s:

Children and young people's needs are often complex and require a joined up response by a range of agencies. This document should reflect the views of other agencies about the level and nature of risk.

	Factors that heighten risk	Factors that lower risk
School		
Health		
Police		
Children's Services <i>Please identify which service/s specifically are working/have worked with the child below</i>		
Other		

Pre-Check list

This list is for use when completing the 'day-to-day management plan' (page 9) . The headings correlate to the trigger titles in the table on page 10 and should help you to complete the 'strategies to support' section. Please bear in mind that the questions here are just pointers -you are not required to answer every question and the list is not exhaustive. There are blank sections in the table on page 10 should you have additional triggers you wish to highlight.

Teaching and learning

- ✓ What is the current level of supervision and is this appropriate?
- ✓ Are all staff aware of the level of supervision required?
- ✓ Who is responsible for discussing the child/ young person's risk and needs to other staff?
- ✓ Has the child/ young person engaged in any worrying sexual behaviours within the classroom setting now or previously?
- ✓ Are there particular times when the child/ young person seems more relaxed and content?
- ✓ Are there particular times or circumstances where the child/ young person seems more unhappy/ upset/ distracted/ irritable / distressed?
- ✓ Can extra support / supervision be put in place during difficult times?
- ✓ Are the seating arrangements satisfactory?
- ✓ Are there times when the child/ young person is allowed to leave the class during class times?
- ✓ How is sex and relationships education managed and does the child/ young person need further information?
- ✓ Are there particular areas of risk in the class e.g. when the teacher is occupied with other pupils, and how can this be managed?
- ✓ How will risk be managed during off site activities - school trips, work experience etc?

Unstructured times

- ✓ Have there been concerns about the child/ young person's sexual behaviours in school when out of the classroom? If so, who were the behaviours directed to and in what circumstances? What children may be particularly vulnerable and how can this be managed?
- ✓ Does the location of the toilets cause a problem? Does more than one class share them? Are particular rules required for going to the toilet?
- ✓ Are there rules about showering, dressing and undressing for PE that need to be considered? Are staff able to supervise changing appropriately and according to the needs and age of the children concerned?
- ✓ Are there rules about physical contact during play that needs to be considered?
- ✓ Has the child/ young person a history of absconding?
- ✓ Does consideration need to be given to use of school technology? Is school technology (computers, laptops, tablets, iPads etc) monitored to ensure that children and staff are following the School's Acceptable Use Policy?
- ✓ What are the arrangements for the child/young person to get safely to and from school/college?

Outside area
<ul style="list-style-type: none"> ✓ Are there areas within the school and grounds that are unsupervised? ✓ Are there any other building issues that may increase risk? e.g. building works, co- located school, communal play ground? ✓ Is there a need to make certain areas 'out of bounds' either for the time being or permanently? ✓ Can you involve more staff to engage children in constructive play/ conversation to encourage them to be more interactive and, therefore, less open to inappropriate play?
Children/Young People
<ul style="list-style-type: none"> ✓ Have all children been taught about keeping safe? Is any additional input needed due to the current concerns (either individual/group work or as a whole class)? Who will take responsibility for coordinating? ✓ Are all children aware of who they can go to if they have a worry? ✓ Do all children feel that they are listened to and are confident that appropriate action will be taken? ✓ If primary, have all children completed a Safety Circle (Foundation/KS1) or a Network of Support (KS2)? ✓ If secondary, are young people aware of who they can speak to/who their support networks are in school (including school nurse etc.)? ✓ Are children's parents/carers informed of personal safety curriculum Units of Work covered, including E-safety?
Individual work
<ul style="list-style-type: none"> ✓ Who will talk to the child/ young person about their sexual behaviours if the need arises? Will this staff member require any support? ✓ What are the arrangements for reporting, recording and monitoring the child's behaviour? Who will be responsible for monitoring and updating the chronology? ✓ Are there clear boundaries and expectations of acceptable behaviours? ✓ What work is being undertaken to address the child's unmet needs in relation to sexual behaviour? What support has the child/young person been offered to be safe in school? ✓ What support is in place to reduce the risk of isolation and to encourage the child to enjoy and achieve? ✓ Are there any additional factors to consider in relation to the child's age, sex, race, religion, disability, mental / physical health or other? ✓ Who will communicate with parents/carers? What support needs do the parents/carers have? What do parents/carers need to do to support their child?

Day-to-day plan

Please complete the relevant section/s using the 'Checklist of things to consider' on page 8:

1. Teaching and learning		2. Unstructured times	
Potential triggers:	<i>Strategies to support:</i>	Potential triggers:	<i>Strategies to support:</i>
3. Outside area		4. Children/Young People	
Potential triggers:	<i>Strategies to support:</i>	Potential triggers:	<i>Strategies to support:</i>
5. Individual work		6. Other triggers (please specify)	
Potential triggers:	<i>Strategies to support:</i>	Potential triggers:	<i>Strategies to support:</i>

Please ensure that all staff who are involved in the implementation and monitoring of this day-to-day management plan can answer the following questions:

Review of RAMP

Evaluate whether any changes need to be made to the RAMP. A review will consider any new information, change in circumstances, and any work carried out with the child and family.

Agreed actions/amendments for this review:

Summary of progress made	Actions/amendments	Why?	Who and when?
School/ College setting: <i>e.g., have there been any further incidents? If so, what actions were taken and what was the outcome?</i>			
Child / young person: <i>e.g., has the child used the support available in school and from other agencies as part of this plan?</i>			
Response to increased concerns (if there are concerns that the <u>Day-to-day Management Plan</u> on page 8 is ineffective), e.g., can the child remain in school given the current concerns? What additional support can be given?			

Name	Role	Signature
