The Super Curriculum

The Super Curriculum

Super curricular activities are those that take your regular curriculum further. They take the subjects you study in the classroom beyond that which your teacher has taught you or what you've done for home learning. For example, you may go into more depth on something you picked up in the classroom or learn about a new topic altogether.

These activities are normally in the form of extra reading, but they can take many other forms, like watching videos online, downloading podcasts, attending lectures, visiting museums or entering academic competitions.

Engaging in super curricular activities will help you develop a love for your favourite subject or subjects. In this booklet, there are a range of activities, suggested by your teachers. They are by no means exhaustive lists but should get you started.

We encourage you to share ideas and opportunities you come across with your teachers so that, over time, the recommended activities in this booklet can grow.

In the future, employers or universities will be interested to hear about what super curricular activities you have engaged in; they will be interested in what you have learnt and impressed by your efforts.

Super Curriculum – Year 7

Subject: Spanish

SC1		SC3		SC5	
	Practice the vocabulary on Blooket! https://dashboard.blooket.com/set/66eaa9d78b57ca9077e8e6dc		Practise your verb conjugations https://conjuguemos.com/verb/133		Learn the words for each unit on Memrise! <u>The more often you practise the better you will become!</u> https://community-courses.memrise.com/community/course/6562750/y7-spanish/
